

Glens Falls Golden Eagles

Press Release

Press Release
June 13, 2006

The Glens Falls Golden Eagles are adding "Save The Frostbite Night" in addition to the fireworks spectacular following the game on June 30th. Any fan wearing any Frostbite paraphernalia will be able to get in half off and be able to give a rally cry for the Frostbite.

While it may take a miracle to get the Frostbite back playing hockey again, this can be a way for fans to be heard and to enjoy a great baseball game and fireworks show to boot!

"As the owner of the Glens Falls Golden Eagles and Greenjackets, we obviously support quality of life components that a sports team brings to a local area. We are in complete support of bringing hockey back to the Glens Falls area." Golden Eagles President Chris Ames said in announcing the recent promotion.
