PRESS RELEASE

Golden Eagles Change Fireworks Date

The Glens Falls Golden Eagles have changed a scheduled fireworks show from Friday, June 30th to Saturday July 22nd.

"We decided to change the date of the fireworks extravaganza so the Little League could play their tournament games under the safest conditions." Vice President Chris Klemmer said. The fireworks are set up near the little league field and take several hours to lay out to prepare for the show.

President Chris Ames said "The Golden Eagles support youth athletics and realize that they are obviously our lifeblood so this was a pretty easy decision to make."

The team has announced that they will give away a free ticket to the July 22nd game to every person that walks through the gates on Friday. Also, with it being Save The Frostbite Night, the Golden Eagles plan to bring down the temperature at East Field by giving each and every fan a free ice cream as well.

"While we feel terrible that the fans looking forward to the fireworks will have to wait to see them, we hope that getting a free ice cream, a free ticket and a few other surprises will make up for it." Klemmer said.

The first place Glens Falls Golden Eagles will play tonight at 7:05 against the Little Falls Diamond Miners. It's Win Big Wednesday so expect some money to be given away as well as seeing some great baseball! For any questions, please call 792-2800
